

Legalex

Litigation Support Services

LITIFY

Tech-Driven Automated Process Serving, Court Filing, and Investigative Services for Successful Law firms.

Spend time on your casework.

Let Us Take Care of Your Paperwork

Whether you need the speed and accuracy for process service or a court filing, Legalex's disrupting technology solutions have what you need to win.

Everything we do seamlessly integrates with your existing **Litify** system. Where other providers stop, we use technology to go farther and deliver more.

Automate your process service, filings, and court services. Save time and costs while increasing your ROI.

“ Legalex enabled the automated workflows we needed most and makes it super easy to serve process and file quickly”

Diana R.
Senior Paralegal, Complex Litigation

Service of Process

Manage every type of process assignment all in one place. We have one of the highest Effective Service rates in the nation.

Court Services

Our experienced team will file, retrieve, or copy documents with real time updates.

Investigative Services

Our Analysts investigate or skip trace using an effective network accessing real-time databases for proven results.

Any Document. Anywhere. Anytime.

Serve multiple defendants for one case nationwide efficiently with a **single trusted partner**.

Automate & Streamline Your Flow

Seamless Data Integration

Service & Filing data, documents, and even invoices are automatically placed into each client file in your existing **Litify** case management system.

Increase Your Accuracy

No more data entry errors, missing documents, or redundancies.

Accomplish More with Less

Tasks that took hours now take seconds such as our 1-click ordering. Reduce time spent on antiquated administrative tasks and redeploy staff to more productive matters.

Faster Service For Faster Wins

Every Order is a Rush

All jobs are initiated within 72 hrs. Proof of Service with photo and GPS evidence are delivered back to you within 24-48 hrs of service.

Real Time Alerts & Notifications

Receive automated alerts within seconds of successful service from the field. No more wasting time calling and emailing for updates.

Always Connected

Our technology seamlessly transfers data and documents between **Litify**, our vetted national network, and the courts.

Scalable & Flexible Platform

Large Volume Service

Manage large flows of cases and documents faster. We specialize in PI, Mass Tort, and MDL litigations routinely serving thousands of cases.

Do it Your Way

Use your current **Litify** case management System without using any external sites or systems.

We integrate with

We work with the best. Find out why the country's top firms trust us.
